github.com/Prashant-bro | Portfolio | +91 8735018504

Summary

Computer Science undergraduate skilled in Machine Learning and Full-Stack Development. Experienced in building scalable applications and predictive models using real-world datasets. Passionate about leveraging data-driven insights to solve complex problems and optimizing model performance through advanced feature engineering. Adept at integrating ML models into responsive web interfaces to create seamless user experiences. Committed to continuous learning and staying updated with emerging technologies in the AI and web development ecosystems.

Skills

- **Languages:** Python, Java, SQL, JavaScript
- **Machine Learning:** Scikit-learn, Random Forest, LightGBM, Feature Engineering
- **Tools:** Git, GitHub, MySQL, MongoDB, Power BI

Projects

Diabetes Risk Prediction System Python, Scikit-learn, MERN

- Built ML model on BRFSS dataset to classify high-risk diabetes patients.
- Improved performance using feature engineering and evaluation metrics.
- Developed full-stack web interface for real-time predictions.
- **Links:** Live Demo | GitHub

AlphaPredict – Stock Price Forecasting Python, ML

- Built Random Forest model to predict next-day stock prices.
- Optimized model using feature selection and data preprocessing.
- **GitHub:** github.com/Prashant-bro/Stock-Price-Prediction

Experience & Hackathons

Climatrix Disaster Alert System Python, APIs

- Built real-time disaster alert system for floods and cyclones.
- Integrated automated notifications for user safety.
- **GitHub:** github.com/Ankit-Patel-coder/Climatrix-AI

Stackit – Developer Collaboration Platform MERN Stack

- Developed platform to manage workflows and developer resources.
- Implemented real-time updates and interactive dashboard.
- **GitHub:** github.com/Prashant-bro/Stackit

Education

B.Tech in Computer Science & Engineering 2024–2028

ITM (SLS) Baroda University, Vadodara CPI: 9.03

Certifications

- Introduction to Data Science – Cisco Networking Academy
- Database Foundations & Java Fundamentals – Oracle Academy
